PEACE TREATY TO BE COMPLETE **EARLY IN APRIL**

Paris, March 18-The league of nations movement, as it is to be submitted for inclusion in the peace treaty with Germany will be ready Saturday, it was indicated in official circles today. At the same time it was stated that the entire treaty, including the covenant will be completed by a week from Saturday. Neutrals are already calling on Col. House to present their views.

turn to England this week as he had planned. The President, Premier Clemenceau and Premier Orlando will hold frequent conferences during the week in addition to the regular meetings of the supreme war council. Discussion has arisen in favor of making the preliminary pact cover Austria, Bulgaria and Turkey, so as to make Germany responsible for her allies. This is regarded as unlikely, however, as it would require a month to change the treaty in this respect.

BREWERS PROPOSE AGAINST MAKING BEER

New York, March 18-Brewers of New York announced today they would resume manufacture of beer in Moscow, according to dispatches rewould resume manufacture of beer containing not more than 2.75 per cent alcohol. They contend that such a drink is not an intoxicant, and therefore not prohibited under the presidential order issued last December which stopped the making of intoxicating beverages from food stuffs.

Mineola, L. I., March 18-Dr. Walter K. Wilkins is being hunted today on a charge of murdering his wife. A warrant was issued at the request of District Attorney Weeks.

The physician has not been seen since Sunday.

Weeks, who prosecuted Bianca De Saulles and handled the famous Le-Baudy marder case, declares he be-lieves Dr. Wilkins killed his wife Julia, by beating her over the head with a hammer the night of Feb. 27 and that he did it to get possession of her \$75,000 estate.

This estate is declared to have been bequeathed Dr. Wilkins in a will which has just been discovered and which supplies the motive for the

The apparent facts in the case are that Dr. Wilkins who is 67 years old went with his wife to their summer home at Long Beach the night of Feb. 27. A short time after entering the side door of the house with her he called a neighbor, who found him blood-spattered, his wife in a dying condition, lying in a driveway beside the house. Dr. Wilkins declared that upon entering the building he was confronted by three burglars who robbed him and then clubbed his wife over the head because she screamed. A dog was found in the house beaten almost to death. Dr. Wilkins said the burglars must have clubbed the dog also. Thorough search for the three burglars failed to reveal trace of them. Mrs. Wilkins was buried and the

matter apparently dropped, when Weeks suddenly re-opened it and had the body exhumed. He cross-examined Dr. Wilkins and took his finger prints for comparison with bloody finger marks found on the hammer with which the killing was done.

Dr. Wilkins quickly issued a statement, declaring he new himself to be under suspicion but protesting his in-nocence and asserting he had no mo-tive for the alleged murder. His dis-appearance followed.

For Constipation! Physic Purge or Laxative?____

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises-what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulency and other digestive illa.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS In spite of greatly increased laboratory costs due to the War, by sacrificing profite and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

Beware of Compromises. One temptation in making difficult decisions is to compromise. You aren't sure which way is the best, you seek to combine the advantages of both, and many a time merely combine all the disadvantages. To be sure, there are times when a compromise is the wisest course, but there are just as many times when it is cowardice and weakness. How can one tell which times are which? DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to breaken cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe

GOOD HUMOR AS A HEALTH TONIC.

Once on a time, forty or fifty years ago, a man looked out the window of a house near Vincennes, Ind., at six o'clock of a fine spring morning, saw a girl doing the family washing, and she was singing merrily. Nothing remarkable about that, you say. True, but queer that the incident should have stuck in memory so long. The man never saw the girl before or since, and never spoke to her. Yet he remembers saying to himself: "Bet that girl will make some man a good wife." Why? Because of her cheerful, happy temperament, to be singing so light-heartedly while at what is considered one of the hardest of women's tasks.

Good humor is one of the best articles of dress one can put on. It 10 per cent of Negro troops, the permakes the wearer welcome everywhere. One such can drive the blues from the crustiest of us. Let us be down on the border-land of utter pessimism, with a face as long as a barndoor. In comes a friend with cheerful story and a pun or two, and away fly the disturbing feelings.

For health and the constant enjoyment of life, give me a keen and ever present sense of humor, said a wise man. And he added that he considered it the next best thing to an abiding faith in Providence.

One chronic invalid put it this way "I live in a constant endeavor to fence against the infirmities of illhealth and the other evils of life, by mirth. I am persuaded that every time a man smiles-but much more so when he laughs-it adds to the days seem to carry this out-for good humored people nearly all live to a

Laughter is a most healthful exertion. It is one of the greatest helps to digestion—hence the old custom of having jesters at the table was founded on true medical principles. Carlysle called laughter the Key by which we decipher man.

Now if the American was to ask the Writer for his best funny story he would tell the following, which has had lodgment in his cranium for three-score-years and-ten, which is a good while.

Location, a country store in Pennsylvania. Time, nine o'clock of a cold Saturday night. Actors, Smith the storekeeper, and Jones a neighbor. Smith goes out to shut the shutters preparatory to closing up for the night, but looking through the window he sees Jones put a pound of butter into his hat. Returning inside Smith manages to keep Jones behind the old-fashioned wood stove, and stirring the fire a little insists on his not being in a hurry to go. Starting up a fresh funny story Smith holds his uneasy quarry behind the hot stove for half an hour, by which time the butter was melting freely and coursing lively, fore and aft, down the poor fellow's head, when Smith no longer able to restrain his laughter, let him go with an affectionate good-

THE PERIL OF ILLITERACY

The astounding figures given out by the War department upon the illiteracy of drafted men has set the whole nation to thinking and jolted our old conceit. We used to think of America as a land of universal intelligence, where practically everybody had at least a rudimentary education, and we looked down with pity on such benighted countries as Portugal where half the people are illiterate. But the draft statistics have opened our eyes. Some of our states and in the very best of them every

tenth man cannot read or write. The tests for illiteracy varied in of his health? different camps, but the usual test was "ability to read and understand newspapers and write letters home." The percentage that could not meet that test is astonishing. It was largest, naturally, in the south where there were many Negro troops, reaching an even fifty per cent in South Carolina, but even there it was found that the illiteracy among the whites was not

The northern camps were better, but not enough better to give us much 'satisfaction. At Camp Devens, in educated New England, with less than two per cent of colored troops, the percentage was 22.7. At Camp Dix, New Jersey, 29.2 per cent could not read or write. At Camp Custer, with centage of illiteracy was 18.4.

Taking the entire population of the United States, it is estimated that eight and a half million persons over ten years of age cannot read anything in English, and five and a half milfons cannot read anything in any language. A large part of these are Negroes. Another large part consists of aliens. But the statistics show that there is a surprising number of native white Americans in the best parts of our most progressive states who cannot read or write-a fact that draft officials will confirm from their own observation.

Out of the first two million soldiers 200,000 could neither read their orders nor understand them when read aloud of his life." And do not the facts neither write home nor read a letter

It is very clear that we have a good leal to do yet before we make even America safe for democracy, let aione the rest of the world, and that the place to begin is the school house.

The Kiddie-Koop

Combination Crib, Play Pen and Bassinet. Most complete article ever invented for Baby. In use every minute of Babyhood. No more tired mothers. Healthy Happy Babies.

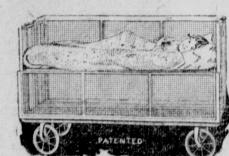

As a Bassinet

The Kiddie-Koop is especially adapted for use as a Bassinet. Springs may be raised to within eight inches of the top, with one motion (and lowered as easily), forming with our system of simple and se-

cure supports, a safe, convenient Bassinet, high enough to make caring for baby easy. The Kiddie-Koop is easily folded from Bassinet position.

As a Play Pen

In the Kiddie-Koop baby is safe; he cannot pick things from the floor and put them in his mouth; he is clean and out of draughts.

The Kiddie-Koop

Is a Real Economy of Space and Dollars

THE frame is white enameled wood, sides of rustless wire screening, strong and durable. It has 8 inch rubber tired wheels so arranged that you can make them swivel or stationary as desired. All sizes pass easily through the average door.

The Kiddie-Koop solves the problem of what to do with baby, asleep or awake, and insures his safety at all times.

The Kiddie-Koop

One Article With the Utilities of Three

T is a crib as long as a crib can be used, and as a play pen is indispensable and can be used from birth.

With the Kiddie-Koop, baby does not have to be handled. There is much less washing to be done for him. He can be wheeled from room to room. There is no running to see what he is doing and no chance for him to fall.

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart its a sharp or acute pain, sometimes a dull heavy pain leaving a soreness, its gas on the inside generated through gaseous foods or because of systematic inability to properly assimilate the food this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completly oliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women ,who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject Remember inside bathing is mor important than outside bathing, he cause the skin pores do not absort impurities into the blood, causing poor health, while the bowel pores d Just as soap and hot water cleanse. sweetens and freshens the skin, so hot water and limestone phosphatic act on the stomach, liver, kidneys and

DR. GRANT PERKINS GIVES ADDRESS AT METHODIST CHURCH

The Rev. Grant Perkins, D.D., newly elected president of the coming Y M. C. A. college at Yellow Springs, now acting as director of Sunday Social activities in the Cincinnati Area in the great Cententry Movement of the Methodist Episcopal church, spoke to a good audience at at First Methodist church last night on the theme of the Centenary.

He called attention to the beginning of Missionary Activities in the Cuba, Clinton county, where she held Methodist church when 100 years ago, John Stewart, a colored man, converted at Marietta, burned with a desire to tell the story of Christ. He, a negro, went North to the Indians at Upper Sandusky, to tell the story of the Christ. How a Jew could save them from their sins. This was the humble beginning of the great enterprises the church has carried on in every part of the world during this

time. He spoke of the mark of providence in the fact that this anniversary should come just at the close of the great war and that this great church should have an adequate program for these momentous days of reconstruction. His message dealt with the problems at home which are

to be met by the church. The problems facing the people which are demanding solution, he reminded are as follows: The problem

churches to be furnished with a number of pastors who will minister to the people of their own nationality. The problem of the frontier where the church has not kept pace with the westward move of men. The problem of the mining sections where, as in Pennsylvania, one section, with 70,-000 people, has no protestant or Catholic minister. The Negro problem and the problem of Immigration. The world is at our doors, he said, and a needy world at home and abroad has challenged the church to carry out the program of Jesus Christ for the world. In its campaign the leaders ask for 20 per cent of the members of the church to pledge themselves to intercessory prayer, and 20 per cent. to become tithers of their their lives to specific christian service. A new invention for the blind enables them to read with their ears. It is a machine called an octophone, by means of which flashes of light from the letters as they are printed cause certain sounds, easily distin guishable by the initiated. RED BLOODED THE LONGEST

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit. Pure blood is red blood, rich in Iron and Phosphates with power to rid itself of waste matter and able to carry lifegiving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron the red blood and nerve builder".

Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

Public Sales Have your sale announced FREE in this column early, so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In these days of automobiles the larmer has no time to stop along the road to road sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It such that the buyer from a distance who sees your ad in this paper, who jumps into his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not ploperly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic-one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren -your physician knows the form ula-it is printed below.

There's iron in Bio-feren-the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength. energy, ambition and endurance. Bio-feren is sold by Sayre &&

Hemphill, Xenia, Ohio, and all reliable druggists, and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time - seven a day, until health, strength and vigor are fully restored.

"It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request-without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bioferen, it is printed on every package. Here it is: Lecithin: Calcium Glycero-phosphate: Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Olearsin Capsicum, Kolo.

"Splitting Headaches" There is no illness that is a source of greater discomfort than

headache. Women, men and children alike are subject to this unpleasant affliction. To secure relief from Headaches. Backache, Neuralgia, or any severe aches or pains, DR. MILES' ANTI-PAIN PILLS

have no equal.

"There is nothing in the world any better for Headache than DR. MILES' ANTI-PAIN PILLS.

I surely advise all who suffer from any ache or pain to take these pills."
MISS JESSIE McMILLAN, Connellsville, Pa.

These wonderful little tablets contain no habit-forming drug—nor produce ill after effects. When used according to directions they produce almost instant relief. Ask your druggist for DR. MILES' ANTI-PAIN PILLS these effective tablets have been growing in favor for more than 30 years. Cost only a few cents a box.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt-Stayed Home and Gained 22 Pounds.

"In November, 1911, I had a severe cold and la grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job as street car motorman. My physician told me to change climate. In April, 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight, and believe I am permanently cured."—W. F. Bourland, Route 5, Wolf City, Texas.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same -lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment. Be sure however you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre & Hemphill can supply you.

Sunday School Leaders Launch Gampaign For Funds.

TO COVER FOUR YEARS' BUDGET

Movement Intended to Place the Burden of Responsibility on the Community as a Whole-Citizens to to Be Approached For Contributions Without Regard to Denominational Affiliation.

Accepting as true the verdict of "Missiles," the official organ of the Methodist Centenary Minute Men, that "the day of eating cheap icecream to the glory of God is past," Sunday School leaders of North America are putting the work of the Sunday School on a basis commensurate with the responsibilities which accrue to it. To bring this about a campaign for \$20,000,000 has been launched, for which Ohio is the proving ground, having as its quota \$1,000,000, or one-twentieth of the total budget. It is planned that the sums raised in this campaign shall cover a four years' budget for the work of the World's Sunday School Association, the International Sunday School Association and the state and county Sunday School associations.

Solicitation in the Victory campaign will not be made on the basis of church membership. The movement is intended to place the burden of responsibility on the community as a whole. Citizens will be approached for contributions without regard to denominational affiliation. and non-church members and regular communicants alike will be asked for

The educational campaign preceding the money-raising campaign is already in progress. W. O. Thompson, Columbus, president of Ohio State University and president of the International Sunday School Association; Frank L. Brown, Brooklyn, general secretary of the World's Sunday School Association; Arthur M. Harris, New York city, banker; W. C. Pearce, Chicago, field superintendent of the International Sunday School Association; Joseph Clark, general secretary New York Sunday School Association and former general secretary Ohio Sunday School Association; Marion Lawrance, Chicago, general secretary International Sunday School Association; Lansing F. Smith, St. Louis, publisher, and R. A. Waite, Chicago, associate young people's division superintendent of the International Sunday School Association, are touring Ohio, addressing pastors, superintendents, business men, teachers and young people.

It is the aim of the directors of Sunday School work to take Sunday School finances off the penny basis and establish it on business methods, to be supported by business men, in a business-like way.

Like the Mosaic law of old, the objectives of the campaign have been classified under 10 headings. First, to place immediately in

strategic centers throughout the world, now open and begging for assistance, trained Sunday School work-To train and place in at least 500

additional strategic centers, county and city, throughout North America, trained Sunday School experts. To establish Sunday School train-

ing schools and colleges in Sunday School districts throughout North America and the world, to train Sunday School leaders.

To definitely carry the Sunday School program and the Sunday School to neglected groups.

To procure and train specialists and research experts to solve specific problems in Sunday School work. To help the various denominations carry out their own specific Sunday

School program. To act as a medium in community Sunday School work in intermediate

Specific efforts to train voluntary leaders through the older boys' and older girls' councils.

To take the Sunday School to the home missionary fields, Cuba, Mexico, Central America, the Mormon territory and Alaska.

General Sunday School betterment: international lessons and conventions; institutes; home visitation.

Of the \$20,000,000 raised, 10 per cent will go for the work of the World's Sunday School Association, 40 per cent for the International Sunday School Association and 50 per cent to carry on the work of the state and county Sunday School associations.

A. T. Arnold, general secretary of the Ohio Sunday School Association. says that since the greatest benefits of the Sunday Schools are reaped by business men and business organizations, in the efficiency and character of their amployes, it should be their privilege to contribute to the maintenance of the work during the Victory campaign. Solicitation will be made only through communities. The individual schools and churches are not the units of operation in the present campaign. The present sources of revenue will remain undisturbed.
